POTENTIAL Public Safety Power Shutoff (PSPS) Events for Southern California Edison (SCE)

The California State Warning Center (CSWC) received notification from Southern California Edison (SCE) advising that they have notified customers of a potential Public Safety Power Shutoff (PSPS) due to anticipation of forecasted high winds overnight in the early morning hours today, 12/31/18, through Tuesday, 01/01/19.

- At this time, SCE has circuits in four counties in Southern California that they anticipate monitoring beginning late Monday night as per their PSPS protocols – Los Angeles, Orange, San Bernardino, and Riverside.
- These circuits have not been proactively de-energized at this time, and these circuits are currently for monitoring only.
- Initial notifications have been made by SCE to the county emergency management agencies in each of these four counties; customer and government personnel notifications were also made 12/30/18.
- Cal OES is working closely with SCE and will provide updates as the situation evolves and details become available.
